TO WHOM IT MAY CONCERN

The Royal Consulate-General in Kolkata wishes to encourage concerned parties to submit visa application well in advance, which can be up to 90 days prior the travelling date, due to the following:

1. The new procedure may require the use of quota system that may not be able to accommodate peak season's demand.
2. The visa fee will be increased in May because of exchange rate fluctuation. The detail of the increased fee will be circulated closer to the date.
